NUMBER 114.

ARTHUR R. PENNELL.

It Is Alleged He Was a Defaulter to a Large Amount.

Buffalo, N. Y., April 7.—The Commercial Monday afternoon publishes a story in which it is alleged that Arthur R. Pennell, who was killed in an automobile accident on March 10, was a defaulter to the extent of from \$150,000 to \$200,000. The story, the Commercial says, leaked out, and is to the effect that Pennell induced friends in the east who had known his family and the family of his wife to place money in his hands for investment. He acted, in fact, as their financial agent. He would inform them of some good investment which he came across which would pay an excellent rate of interest and they would send him money. The money which was sent to him for investment, it is alleged, he spent, and when interest payments fell due he made the payments out of his own pocket. The Commercial adds that Pennell had contemplated suicide for two years.

MICHIGAN ELECTION.

The Republicans Elected Their Entire State Ticket By a Good Plurality.

Detroit, Mich., April 7.—The republicans of Michigan Monday elected their state ticket by a majority estimated at midnight at between 35,000 and 40,000. The ticket is as follows: Justice of the supreme court, Judge Frank A. Hooker, Charlotte; regents of the state university, Peter White, of Marquette, and Loyal E. Knappen, of Grand Rapids. The vote throughout the state, excepting where local issues lent interest to the fight, was light.

In Detroit an unusually light vote was cast. The only municipal officers elected were a police justice and eight school inspectors. Justice Sellers, republican, was re-elected by a large majority and the republicans elected six of the inspectors. In Wayne county, the republicans re-elected Auditor Burt and Circuit Judge Mandill.

VIOLENCE USED.

Strikers at Pittsburg Captured a Bus Load of Non-Union Men.

Pittsburg, Pa., April 7.—Strikers resorted to violence Monday when 41 non-union men arrived from Tennessee to work for the American Bridge Co. When the new men, escorted by policemen and detectives, were loaded into busses at the Union station, the strikers surrounded the vehicles and succeeded in pulling the driver of one of the busses from his place and substituting one of their own men. The usurper whipped up the horses and, in spite of the threats of the officers to use their revolvers, drove through the streets to union headquarters, where the 23 terror-stricken men were taken into hand by the strikers and prevailed upon not to go to work. The 18 men in the second bus were safely landed at the company's boarding house and will go to work Tuesday morning.

GENERAL STRIKE CALLED.

Machinists, Blacksmiths, Pattern-Makers, Etc., Go Out at Chicago.

Chicago, April 7.—A general strike was called Monday of the machinists, blacksmiths, pattern-makers, electricians and pipe fitters in the Deering division, Irondale, of the International Harvester Co. The cause of the strike was the presentation to the employees of that plant of a "Personal service contract," insuring the men in case of accident, but operating as a release for the company from paying damages. The men determined not to return unless the company granted a nine-hour day and a 12 per cent. increase in wages.

BARNUM COLLIERY IDLE.

The Drivers and Runners Refused to Go to Work.

Wilkesbarre, Pa., April 7.—There was no work Monday at the Barnum colliery, near Pittston, on account of the drivers and runners refusing to go to work. They claim that they are required to work more than nine hours a day with no time allowed for dinner. Their demand is to quit work at 4:30 o'clock every afternoon in order to make up for time they labor during the noon hour to keep the breaker running.

To Remain Closed Indefinitely.

Pawtucket, R. I., April 7.—The plant of the American Textile Co. here was closed Monday and more than 250 operatives of all classes are thrown out of employment. The management announces that the mills will remain closed indefinitely.

Louisville, Ky., April 7.—The Southern Athletic club Monday night announced that it had matched Benny Yanger and Kid Broad for a 20-round fight here Derby night, May 2.

MR. ALLEN A. EDMONDS.

Community Shocked by His Sad and Sudden Death—Passed Away Last Night After Brief Illness.

Mr. Allen A. Edmonds died last night at 11 o'clock of smallpox. The burial will take place at 4 o'clock this afternoon and only those who have ministered to him in his last illness will attend. Every precaution has been taken to preserve the public weal.

Mr. Edmonds was thirty-six years old and had been raised by his devoted aunt and uncle, Mr. and Mrs. Thos. A. Davis, to whom this sudden loss comes with heart-crushing effect. Mrs. John Duley, Miss Mollie Edmonds and his wife, the two first being his sisters, are the company of mourners of his immediate family. No young man in our city was of a purer, stronger virtue than he; honorable to the utmost degree, sober, thrifty and careful, Mr. Edmonds had walked among us until his friends are numbered from among the business and professional men and secret societies of our city.

Six weeks ago he was married to Miss Bertha Wright, of New Vienna, O., and he had established her in a beautiful home on Second street, Sixth ward, where love and all the comforts of life surrounded them, the couple starting on life's ocean with every prospect of a long and happy voyage. Ten days ago he was vaccinated and last Wednesday he fell ill. His condition was favorable until Monday afternoon when through impaired circulation and a lack of physical force he succumbed easily and as a child who falls asleep.

Sad indeed are the circumstances, most heart rendering are the environments, and there are no words which can assuage the terrible grief which has befallen the stricken family and community.

MR. JOHN HELMER.

Another Citizen Joins the Silent Majority. Had Been an Invalid For Years.

Mr. John Helmer died Monday at 11:30 a. m. at his home on West Second street of a complication of troubles. He had been in feeble health for many years, and had lingered at death's door several days.

Mr. Helmer was born at Wittenberg, Germany, and was in his sixty-first year. Most of his life was spent in Mayville. He was a son of Mrs. Elizabeth Helmer who died a few years ago. His wife survives and he leaves two daughters and two sons,—Lula, William and Jesse of Sydney, O. He also leaves three brothers and one sister,—Jacob, Christian, Charles and Elizabeth, all of this city.

The funeral will take place to-morrow at 2 p. m. at the family residence, Rev. Dr. Barbour officiating. Burial in Mayville cemetery under auspices of the G. A. R.

PYTHIANISM IN KENTUCKY.

Gratifying Growth of the Order—District Convention to be Held in Mayville in May.

At the last session of the Grand Lodge of Knights of Pythias it was recommended that district conventions be held this year for the good of the order. A rearrangement of the districts was thought advisable, which has been done, and the number of districts has been reduced to ten.

Grand Chancellor Jonett Henry, of Hopkinsville, and Grand Keeper of Records and Seal John W. Carter, of Owensboro, are sending out literature encouraging the lodges to make every effort to have Kentucky welcome the Supreme Lodge, the Uniform Rank and every brother Knight in the world with 10,000 members in 1904. As a result of the movement which has been systematically planned by the Grand Lodge officers for a year or more to increase the lodges, it is believed that there will be a net increase for this six months ending July 1, 1903, of between 1,000 and 1,500 members. This will be far more than was contemplated. Two lodges were instituted during March, one at Oakwood and one at Mayslick.

The convention for the Ninth district will be held in Mayville on May 19th. It will bring quite a large delegation of Knights to this city.

Notice to DeKalb Lodge Members.

DeKalb Lodge No. 12, I. O. O. F., will hold services to-night at 7:30 o'clock at hall in memory of Brother Allen A. Edmonds. Members of sister lodges invited. THOMAS M. RUSSELL, N. G. John W. Thompson, Secretary.

President Sallee of the Board of Education addressed Council at length calling attention to the falling off in the amount of polltax collected since 1894 and also in the income derived by the board from fines. He said the increase in the levy for school purposes was due to this falling off in fines and poll taxes. Mr. Sallee also presented figures comparing the cost of running the schools in 1894 and the last year, the cost the last year being \$1,663.02 less than in 1894.

Messrs. Millard Merz, John M. Hunt and John W. Tilton representing the Board of Trade asked for an appropriation to be expended for the good of the good of the city. The sum of \$150 was appropriated, Mr. John E. Wells casting the only vote against it.

Seven of the bonds were ordered sold to meet current demands.

Out of respect to the memory of the late Allen A. Edmonds, whose distressingly sad death is recorded elsewhere, there will be no issue of the Public Ledger to-day. Mr. Edmonds was a nephew of Mr. Thomas A. Davis, editor and publisher of the Ledger.

Ashland Independent: "Congressman Kehoe has presented the Louisa Public School with six choice shade trees, which will be planted on the grounds. There are two of the species known as maiden hair, and one each of Oriental plane, Norway maple, pin oak and pecan.

Rev. W. R. Lloyd, of Youngstown, O., will preach at the Christian Church next Sunday evening. He was formerly minister at Nashville, Tenn., and later at Richmond, Ky., and has been very successful as an evangelist. He is an able preacher, and should be greeted by a large crowd.

The statement taken some days ago from the Ashland Independent that Mr. Wyley Fitch, living near Aberdeen, and the Wyley Fitch who is wanted in West Virginia on a murder charge, are cousins is not true. While there is quite a resemblance between the two, yet they are not at all related.

With the advent of spring all the county organizations, formed as auxiliaries of the Kentucky Exhibit Association, have taken on new life and gone to work with a will born of joy at the decline of sloppy days and low temperature. Active personal canvasses have begun in practically every section of the State for subscriptions to the \$100,000 fund. The commercial and industrial life of Kentucky is responding readily and liberally.

The marriage of Miss Mabel Jean Childs, one of Ashland's fair daughters, and Dr. J. H. Kelly, one of Mayslick's popular physicians, is announced to take place April 22nd at 10:30 o'clock at the First Presbyterian Church, Ashland, Rev. Mr. Condit officiating. Miss Childs is no stranger at Mayslick, as she pursues the profession of trained nurse and it was while engaged there in that capacity that Dr. Kelly first met her and the acquaintance thus begun will culminate in the sound of wedding bells. May no cloud mar their sunshine, or change come over the spirit of their dreams, and may the happiness of a long and useful life be theirs.

A package containing some new tin pans of a new design was picked up on Second street the day of the last tobacco fair, and was brought to the BULLETIN office. They were advertised in the daily BULLETIN at the time, but no one claimed them. Last week a notice was published in the weekly issue of the paper and this morning's mail brought a letter from Mrs. B. K. Curtis, of Jersey City, N. J., stating that she lost the package as she was driving in a buggy from Dr. Reed's to the depot on the day in question. Mrs. Curtis had been called here by the illness and death of her mother, Mrs. Eliza Owens. The fact that she made this purchase in Maysville speaks well for Maysville tanners.

BANKS AND WAREHOUSES.

The Grand Jury at Frankfort Told to Investigate Them.

Frankfort, Ky., April 7.—In his instruction to the grand jury Monday afternoon Judge Cantrell told them to investigate the issue of fraudulent warehouse receipts and also ascertain if any of the banks had loaned money or given credit to any one man in an amount beyond the limit prescribed by law. This part of his instruction was construed to relate particularly to L. B. Weisenberg, who disappeared some weeks ago leaving the banks in the hole with a large number of worthless warehouse receipts. It is believed, however, that none of the banks went beyond the law limit in their loans to Weisenberg.

HOWARD'S THIRD TRIAL.

The Defendant Will Make An Application For a Change of Venue.

Frankfort, Ky., April 7.—Jim Howard, whose third trial for the murder of Gov. Youtsey, who recently made a confession to the grand jury. The commonwealth will also introduce Frank Cecil, of Bell county, who has been a fugitive for over a year.

ON account of the high price of steel Jefferson County's new jail will not be completed this year. It is estimated that the structure will cost nearly \$100,000 more than the original estimates for building. And that will be only a part of Jefferson County's tribute to the steel trust.

ARE you wearing one of the Kentucky World's Fair building souvenir buttons? They cost only a dollar each, are attractive and you are aiding a good cause when you buy one. The Kentucky Exhibit Association wants to build the State building at the World's Fair in St. Louis next year from the sale of these buttons, and other popular subscription plans. It hopes to devote the money received from the business element of the State to exhibits of the State's products and resources in the main exhibit palaces of the great exposition. Every person who buys a button will have the satisfaction of knowing that he has an interest—a money interest—in the Kentucky Building at the fair.

ANTI-TRUST LEGISLATION.

The so-called "anti-trust" bills which the Republicans permitted to become laws last winter will not likely benefit the people or curb the trusts. There is nothing in the party record and nothing in the bills, except the titles, that forebode evil to the combines. The real authors of the bills are the trusts themselves—the very ones that tried to hoodwink the people by sending telegrams to the Senators ordering them not to pass these "anti-trust" bills. The New York Journal of Commerce and Commercial Bulletin of March 25th contains the story of the authorship of the Elkins anti-rebate bill. A dispatch to that paper of that date from Chicago says that at a meeting of western railway executive officials to discuss the Elkins law, it was stated that A. J. Cassatt, President of the Pennsylvania; Paul Morton, Second Vice President of the Santa Fe, and E. D. Kenna, First Vice President and general counsel of the same road, are authors of the bill. It is stated that the first draft of the bill was made by Mr. Kenna and embodied the ideas of the three men named. This draft was submitted to the President, the Attorney General and the Chairman of the Interstate Commerce Commission, and subsequently was amended. As finally introduced, however, the bill was essentially the bill prepared from the suggestions made by Messrs. Cassatt, Morton and Kenna, after repeated conferences at the White House. Mr. Morton says of the law: "I believe the act will secure the maintenance of freight and passenger rates, and this will be of inestimable benefit to the entire country, the railroads, the shippers and to consumers."

There is no doubt in the mind of any sane man that the bill will benefit the railroads, but the statement that it will benefit shippers and consumers is a gratuitous insult to the intelligence of the people of the country. The railroads can be benefited only by increased freight rates, and these must be paid by shippers and consumers. The railroads will get the benefit and the people will pay the freight.

Even in the face of these facts the Republicans will still continue to call the Elkins law an anti-trust measure. The people can't beat such a game so long as they allow the trusts and the Republican party to shuffle and deal the cards and hold the stakes as well.

A Story Worth Telling

We never tire of telling the story of **Uneeda Biscuit**. We do not believe that lovers of good, wholesome food ever tire reading it.

Uneeda Biscuit are the result of two ideas. That soda crackers could be made better than they had ever been made before. That it was possible to convey them to the home fresh, crisp and clean.

The importance of the soda cracker as an article of daily consumption, made this worthy of extraordinary effort. True, many people laughed at the idea of so much thought—time—labor—capital, being devoted to a soda cracker. But the greatest industries of the greatest country in the world have been developed from smaller things than a soda cracker, and so it seemed worth while to make the best soda cracker that could be made and to place it on the table as good as it had been made.

To do the first required the selection of the best materials, of the best equipment, the highest skill. To do the second upset all traditions. The oldest bakers said there was no way to keep a soda cracker good.

That no one expected it any way. That people were satisfied to eat them stale, as they had been in the habit of doing. And so it fell to the lot of younger minds to do this unheard of thing—to keep a soda cracker good until eaten.

The result was the creation of the In-er-seal Package with red and white seal. An invention that kept out the air, moisture, dust germs, that first retained the natural flavor of the biscuit, keeping it crisp and fresh until it reached the table, and so **Uneeda Biscuit** became a reality. The little thing that seemed hardly worth while became a great thing that seemed hardly possible.

To-day over 300,000,000 packages have been consumed by the thoughtful people of this country and the demand is ever increasing.

That is the story of **Uneeda Biscuit**. Some day we will tell it over again for the benefit of those who are still "satisfied" with the stale and broken crackers that come in a paper bag, when they can get **Uneeda Biscuit** whole, fresh, and clean.

Mr. George N. Crawford, blacksmith and wheelwright, corner of East Second and Lee streets, says: "The great benefit which speedily follows the use of Doan's Kidney Pills seems little short of miraculous. I procured the remedy at J. Jas. Wood & Son's drug store, corner of West Second and Market streets, and by the time I had used one box I was cured. If any one suffers from kidney trouble while such an effective kidney cure as Doan's Kidney Pills can be had, the fault is their own."

Our Douglas and Hanan Shoes

Are growing in favor to such an extent that we have already been obliged to place duplicate orders on Spring Goods. Our custom work turned out under the supervision of Mr. Nichols deservedly receives the most favorable comments; notwithstanding we pay the highest prices for skilled tailoring we will continue to make Suits to order (made in our house) at very conservative prices. We advise those contemplating having Suits made to order to call at an early date, as we have an unusually large number of orders booked already.

On the Fence Question.

Hundreds of farmers in our territory who have given the "American" a trial testify by repeated orders that as a stock and all-purpose fence they acknowledge it has no equal in the world.

The American Field Fence is made of large, strong, high-grade steel wires, heavily galvanized; amply provides for expansion and contraction; is practically everlasting and never goes wrong no matter how great a strain is put on it.

The "American" will not mutilate, but does, efficiently, turn cattle, horses, hogs and pigs.

Used as a division fence in towns or cities, it is handsome, efficient and inexpensive, and every rod is guaranteed by the manufacturers and by us.

Call and see this fence and hear its merits discussed. We can show you how it will save you money and fence your fields so they will stay fenced.

IMPORTANT ANNOUNCEMENT OF THE MAYSVILLE GAS COMPANY.

Under 2000 cu. ft. of Gas \$1.50 per 1000.
Over 2000 cu. ft. of Gas and under 3000 cu. ft. \$1.25 per 1000.
3000 cu. ft. of Gas and over \$1 per 1000.

At a meeting of the Board of Directors of the Maysville Gas Company March 28th, 1903, it was ordered that on an after the first day of April, 1903, the above sliding scale of price of gas for all purposes, fuel and illuminating, should go into effect for all private consumption, and that all rates and discounts heretofore made are hereby abolished.

It was further ordered that after the first of April the old rule of the company "gas will be turned off if account is not paid with five days after presentation" shall be enforced, impartially and indiscriminately, regardless of whom it may concern. This action was taken not to appear arbitrary nor with the idea that the accounts of the consumers were not perfectly good at any time during the month, or a year later for that matter, but for the good of all concerned and in order that this part of the business of the company might be taken up at a specified time during the month and disposed of, and further in order that the time and thought of the company's agents and employees, now so largely occupied with this work of collecting, might for the balance of the month be diverted toward giving consumers of gas better attention and more efficient supply and service.

It was further ordered that beginning with the first of May and for each and every month thereafter, the monthly statement of account of each consumer should be delivered to said consumer by an agent of the company on the first day of the month, or the second day, if the first comes on Sunday, and that said account shall thereafter within five days be due and payable at the office of the company on Court street, Maysville, Ky., and if not so paid, gas will be promptly shut off.

The gas company further announces that, after the first day of April, they will handle and sell at cost price to gas consumers any of the great variety of gas stoves and ranges made by and shown in the catalogue of the Detroit Stove Works, Detroit, Mich., which price will be a sum equivalent to 80 per cent. discount from the list prices in said catalogue. These stoves and ranges will be sold for cash only, or according to the terms of a printed lease, whereby easy payments are extended over a period of from twelve to seventeen months. For instance, take a gas range listed in catalogue at \$36, the gas company will sell this range to consumer for \$3 cash or for \$2.80 cash at signing of lease and 60 cents for each month for seventeen months, at the expiration of which time the range is sole property of consumer. The company has selected to handle the Detroit Jewel Gas Range on account of its acknowledged superiority and wide reputation for durability and economical consumption of gas.

The gas company will also handle, at cost price to consumer, the fixtures and mantles of the Welsbach Company in all of their many attractive varieties.

Before closing this announcement the gas company wishes to publicly express appreciation of the eminently fair, just and courteous treatment accorded them by his honor, the Mayor, and the Board of Council, particularly the Chairman and members of the Gas Committee of that body, through whose efforts in behalf of the private consumers, the above concession in the price of gas is now announced.

With the assurance to the citizens of Maysville that it will be the earnest effort of the company and its agents to at all times give them their best possible service at the least cost, we beg to remain, very respectfully, MAYSVILLE GAS CO.

P. S.—On and after April 1st the gas company will have on exhibition at the plumbing establishment of Mr. Larry Langfels on Market street, samples of the Detroit Jewel Gas Ranges, to the inspection of which those interested are cordially invited. You can leave your order for a range with any representative of the gas company, with Mr. Langfels or your regular plumber, with whom you will have to make arrangements for the connecting and fitting up of range in case of the placing of order.
